

Lull Telehandler Parts

Lull Telehandler Parts - Lull telehandlers have been supplying precision load placement ever since the year 1959. Whether the job entails transferring loads, positioning heavy steel or landing loads on scaffoldings, using a Lull telehandler will really help make the job go faster and easier. These units are available with the patented Stabil-Trak stability system to be able to ensure operator confidence.

The Lull horizontal load placement system provides eighty inches of boom travel for precision placement capabilities. Different optional attachments is accessible for Lull telehandlers so as to help complete whichever task.
